**F**OR Social Gatherings, whether Public or Private, there can be no more Elegant Wine used than the ECLIPSE CHAMPAGNE. Its Delightful Taste, Delicate Flavor, and Absolute Purity should be sufficient recommendation to all true lovers of Good Wine! But its crowning quality is, that, unlike Imported Champagnes, it has neither Brandy nor Alcohol added to it, and therefore even its freest use never leaves one with a headache.

## THE ECLIPSE

Is produced by fermentation in the bottle of over two years duration, and derives its recognized high grade qualities from an experienced blending together of the finest and most delicate wines made in California. All of its qualities are derived from the PURE JUICE of the grape alone. While it has no superior and but few equals,

IT IS THE PUREST CHAMPAGNE IN THE WORLD!

BLUE BOOK has always been deemed an essential adjunct to the literature of every prominent family in the leading Eastern Cities and European Capitals; and its absence here, in the past, has been noticeable; therefore, in supplying this undoubted want, we feel assured of doing a duty to Society which will be appreciated.

In submitting this publication to our subscribers, we have endeavored to give a full and complete list of the Society People of San Francisco, Oakland, etc., and of those whose position or wealth has made their names familiar; together with their City and Country Residences.

The Reception Days of Society Ladies are, in most cases, given, but when not mentioned, we desire to call attention to the following: Monday is the Reception day at all Hotels and Boarding Houses, with the exception of the Berkshire, which has both Monday and Thursday; and the Bella Vista, Thursday. Tuesday for Nob Hill, (California Street,) and Taylor street to the North. Wednesday for Rincon Hill, South Park, and streets near the Mission. Thursday for Pine, Bush, Sutter, and parallel streets south, (a few having Tuesday), and the greater part of Van Ness Avenue. Friday for Pacific Avenue, the upper part of Van Ness Avenue and Streets West of Van Ness Avenue as far as the Presidio.

In the San Francisco division will be found the names of the leading people of San Francisco, San Rafael, Sausalito, San Mateo, Redwood City, Menlo Park, and a few of San Jose, Los Angeles, and San Diego.

In the Oakland Division will be found those living in Oakland, Berkeley, Alameda, Fruitvale, and a few at San Leandro and San Lorenzo.

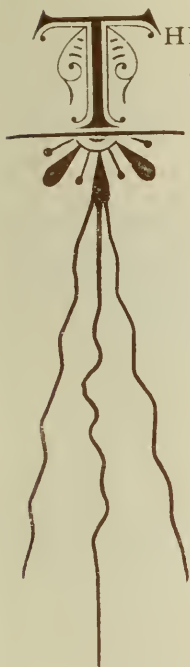

As there are many gentlemen prominently identified in Commercial and Social Circles in this city who reside in Oakland or adjacent towns, their names will be found classified in their respective divisions.

We particularly desire to call attention to the Additional List, at the end of book, which contains not only names received too late for classification, but also changes of residence made since the printing of the main portion.

# The 36-Inch Lick Telescope

HERE IS NO WAY FOR THE VISITOR TO OBTAIN any adequate idea of the great size, and of the mechanical perfection of this large telescope, except by seeing it and by verbal explanation; we will therefore omit dry statistics and simply advise all people to investigate for themselves and they will be convinced of the truth contained in the remark of a recent lady visitor, who, all beaming with happy smiles said: "the wonderful power of this famous instrument has failed as all other worldly agencies have to discover in the heavens above or on the earth below, a peer in practical usefulness or universal admiration for the

## SPECIAL NOTICE

**A**s it was the object of the Publishers to issue this First Copy of the SAN FRANCISCO BLUE BOOK in December, 1888, about the opening of the Society Season, our lists were necessarily closed early in November, and some names may have been omitted, which of right should have appeared, but we have spared neither trouble nor expense in its compilation, and believe it to be the most complete and authentic work of the kind ever issued on the Pacific Slope.

It will be published annually, and interested parties are requested to keep us informed of any changes occurring or corrections to be made in the next issue, that we may record them in the register at our office. It is our aim to keep the BLUE BOOK absolutely correct, and patrons can readily see that the author must in a great measure depend upon private sources for his information; therefore, to avoid errors, which cause so much annoyance, we request your hearty co-operation.

Very respectfully

# Cosmos Club

CLUB BUILDING, 317 POWELL STREET

---

The Cosmos Club was organized in 1881 and incorporated in 1883. The membership is extensive, and the number of Army and Navy members is greater than in any of the other Clubs. The aim of the organizers to keep this Club the most select in the city has been preëminently successful, and its position as such is generally conceded. Every three months the members have a banquet in their elegantly furnished club house.

# Olympic Club

ROOMS AND GYNASIUM, ALCAZAR BUILDING, 120 O'FARRELL ST.

The Olympic is one of the best athletic clubs in the United States. It was founded in 1860 and the history of the organization has been one of uninterrupted prosperity. The accommodations for members are unsurpassed. Although the building they now occupy is large and commodious, owing to the constant increase of the membership and the consequent addition to the funds, the club has contracted for the erection of a new building, to be owned by them, and which, when completed, will excel both in its size and appointments any similar construction in this country.

There are 75 Life and nearly 1,000 Active Members.

## Fifty Minutes' Ride from San Francisco

by the ferry and cars of the San Francisco & North Pacific Railroad via Point Tiburon; or by the North Pacific Coast Railroad via Sausalito. Both routes crossing the bay opposite the Golden Gate and running close to Alcatraz Island. The scenery along the Railroad is the most beautiful in California. The climate of San Rafael is not equaled by that of any other place on this coast.

## As a Summer Resort

It is an agreeable change from the fogs and smoke of San Francisco, and its warm, equable climate, makes it one of the most desirable resorts in California. It has not the oppressive heat of inland towns; yet it is protected from fogs and cold by the surrounding mountains.

## As a Winter Resort

for Eastern visitors, or for others desiring comfortable winter quarters, it has not an equal in the world. Being protected from the cold winds, its climate is naturally warm. Its close proximity to San Francisco, the rapid and frequent communication with the large city, its warm winter days, and withal a magnificent hotel with every comfort and convenience that modern ideas could suggest, the Hotel Rafael has become the most popular hotel in the state.

**NEWS LETTER**  
*California Advertiser.*

Is a weekly journal, devoted to the leading interests of California, and the Pacific Coast.

The articles appearing in its columns are by the ablest writers of the day; are the result of much reading, earnest inquiry, and vigorous thought, and are all up to a high literary standard.

All its departments are in the care of well recognized authorities upon the subjects which they treat.

Current topics are conscientiously considered; terse language vigorously and clearly gives, in a concise form, that which is essential, commenting on passing events in an independent, fearless and just manner.

Everybody in good society admires and reads the NEWS LETTER, knowing the doings of the upper ten thousand are carefully chronicled, and that it never hesitates to unmask the shoddy aristocracy, hold it up to ridicule and show its weakness.

The keen satire, pungent wit and bright sayings of the NEWS LETTER have given it an enviable reputation covering the entire habitable globe.

If you would be up with the times, subscribe for the SAN FRANCISCO NEWS LETTER.

# The PULLMAN Bustle

It is the general talk among the ladies who have used the **GENUINE PULLMAN BUSTLE** that it is the finest apparatus of its kind in the market.

IT IS LIGHT, COOL, DURABLE AND ELASTIC.

It gives a dress a perfect and stylish fit. Many have said they would not be without them at any price. They can be had at all First-class Dry Goods and Corset Houses, prices ranging from **25 cents to \$1**, and upwards, according to the quality, there being different kinds of cloth, and three, four and five spiral coils used in making the various grades.

## Beware of Imitations

as some cheap and inferior articles are being manufactured by parties who employ white girls at starvation rates in order that they may undersell the **PULLMAN BUSTLE**. They are shabbily made of poor material, and do not last long. Buy only the **Genuine PULLMAN BUSTLE**. See that the name is stamped on the belt; none other are **genuine PULLMAN BUSTLES**.

They are sewed only by hand, and by white labor. Silesia, Satin and other materials are used in manufacturing the different kinds, the spiral coils being constructed of light copper steel wire.

## TO THE LADIES

Your attention is respectfully called to the Celebrated **QUEEN LILY SOAP**, which has now been on the market for twenty years, and has earned a reputation which it justly deserves.

For *Fine Laces, Window Curtains, Tidies, Family Linen, etc.*, it is unsurpassed, leaving the article washed *lily* snow white and agreeable to the smell. Woolen Goods being washed with this *Queen of Soaps*, are soft and silky to the touch. The labor is *less*, and in consequence the articles washed, especially *Fine Fabrics*, are worn less by going through this washing process.

## The Queen Lily Soap

Is unsurpassed in cleaning *painted* work in the house. In fact, purchasers will find that, although apparently high in price, it is, in reality, the cheapest of *Extra Good Soaps*. Use according to directions on wrapper.
